## 3.2 Documentation update

The following documents have been updated with information and requirements regarding the new country certifications and are now available:

- Data sheet [1]
- ELLA-W1 series System Integration Manual [2]

## 3.3 Label contents update

The module label on the professional grade ELLA-W131 (ELLA-W131-00B) will be updated to include the Japan certification marking (Giteki) and the certification grant ID. Please see the Data sheet [1] for details of the updated label. The module labels on all other module versions are unchanged.

## 4 Schedule

The country approval certificates for Japan, Australia / New Zealand and Taiwan are available now.

The updated documentation is available now.

The module label on ELLA-W131-00B will be updated on November 21, 2016. All ELLA-W131-00B shipments from November 21, 2016 will have the updated label.

## 5 Customer Impact and Recommended Action

Customers of the ELLA-W131-00B may need to update their Automated Optical Inspection (AOI) system to accept the new product label contents.

Customers interested in placing their end-product on the Japanese, Australian, New Zealand or Taiwanese markets should read the new information about each country certification in the Data Sheet [1] and the System Integration Manual [2].
