

# Quick Start EVK-NINA-B2

## Software installation

The EVK-NINA-B2 software and documentation is available at [www.u-blox.com/evk-search](http://www.u-blox.com/evk-search). Supported Windows operating systems are Vista, 7, 8, and 10.

1. Download latest s-center software; run the executable following the instructions.
2. When the installation is complete, you will find the s-center menu under the Windows Start button, All Programs > u-blox
3. In the s-center menu, you will find the s-center application, user guide and uninstall options.

## Driver installation

1. Connect the EVK-NINA-B2 board to your PC using the included USB cable.
2. Verify that the USB drivers are installed successfully.

NOTE: In case the drivers are not installed automatically, refer to the EVK-NINA-B2 User Guide.

3. Once the drivers are installed, a COM port is enabled in Windows. Use the Windows Device Manager to view the port number (COM #) for the USB serial port.

For EVK-NINA-B221 (with external antenna), attach the antenna to the antenna cable and connect the antenna cable to the U.FL connector.

## Kit includes

- EVK-NINA-B2 board
- USB cable
- 2.4 GHz external antenna\*
- Antenna cable\*

\* EVK-NINA-B221 only
