1 Affected Products

Product in End of Life	Recommended Successor product
LISA-U260-01S	LISA-U201-03S
LISA-U260-02S	LISA-U201-03S
LISA-U270-02S	LISA-U201-03S

2 Reason for discontinuation

u-blox has decided to announce the end-of-life for the above listed products. Reason is the EOL of several components used by the modules and the very low volumes. The development, qualification, and production of a new version would result in increased unit cost, while the technical features of such a product would no longer fulfill market requirements.

Successor products offers better performance and more functionality.

3 Recommendation

u-blox recommends to migrate to the latest module in the LISA family, so to LISA-U201-03S. This module is pin to pin compatible with the phased out ones and functionally equivalent and comes with enhanced performance and quality.

Please consult local FAE's for further support.

4 Schedule

Last Time Buy Date:	May 15th 2019
Last Ship Date:	November 15th 2019

5 Contact

We thank you for your understanding in this situation and assure you our very best support. u-blox appreciates and values your continued business relationship and looks forward to your future interest in our outstanding product portfolio. Please contact your nearest u-blox sales team for any questions you may have.
