Corporate Governance

The report describes the management structure, organization and control within the u-blox group at December 31, 2017. The report in conjunction with the Compensation Report fulfills the main requirements of the "Directive on Information relating to Corporate Governance" of the SIX Swiss Exchange.

1 Group structure
u-blox group
The registered domicile of u-blox Holding AG and u-blox AG is: Zürcherstrasse 68, 8800 Thalwil, Switzerland. u-blox AG was founded in 1997. u-blox Holding AG, the only shareholder of u-blox AG, was incorporated in September 2007 and listed on the SIX Swiss Exchange on October 26, 2007 (Valor No. 3336167, ISIN CH0033361673, ticker symbol: UBXN). Hereinafter, u-blox Holding AG is referred to as u-blox.

The market capitalization at December 31, 2017 was CHF 1’334 million based on the outstanding ordinary share capital (6’957’170 shares).

Business operations are conducted through u-blox group companies. u-blox Holding AG directly or indirectly owns all companies belonging to the u-blox group. The shares of these companies are not publicly traded. u-blox subsidiaries are listed in note 2 to the consolidated financial statements. The operational group structure is organized according to different areas of responsibilities of each member of the Executive Committee. These responsibilities apply across the entire group and on a global basis.

2 Shareholders of u-blox
Significant shareholders
As of December 31, 2017, u-blox had 6125 registered shareholders. According to the disclosures of shareholders, the largest shareholders (> 3%), based on the share capital registered in the commercial register, were:

<table>
<thead>
<tr>
<th>Shareholder</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Atlantic Value General Partner Ltd</td>
<td>5.13%</td>
</tr>
<tr>
<td>Baillie Gifford &amp; Co</td>
<td>3.05%</td>
</tr>
</tbody>
</table>

The shareholders reduced or increased their shareholding progressively.
For further detail see: www.six-swiss-exchange.com under “Market Data – Overview – Significant Shareholders.”

Cross shareholdings
u-blox has no cross shareholdings in any company.

3 Capital structure
Share capital of u-blox
Ordinary share capital
On December 31, 2017 the outstanding ordinary share capital of u-blox was CHF 6’261’453.00 fully paid in and divided into 6’957’170 shares of CHF 0.90 nominal value each. There are no preferential voting shares. All shares have equal voting rights. No participation certificates, nonvoting equity securities (Genusscheine) or profit-sharing certificates have been issued.

Conditional share capital
According to article 3a of the articles of association, the share capital of u-blox may be increased by a maximum amount of CHF 178’291.80 by the issuance of no more than 198’102 registered shares that are to be fully paid-in and have a nominal value of CHF 0.90 each; this increase being the result of the exercise of option rights granted to the members of the boards of directors and to the employees of the Company and its subsidiaries in accordance with one or more equity investment plans. The Board of Directors will determine the issue price for the new shares as well as the equity investment plan. Subscription and pre-emptive rights of shareholders are excluded for this conditional capital increase.

The conditional share capital of CHF 178’291.80 corresponds to 2.8% of the outstanding ordinary share capital.

Authorized share capital
According to article 3b of the articles of association, the Board of Directors is authorized to increase the share capital at any time but no later than by April 30, 2019, by way of issuance of no more than 1’018’000 registered shares that
are to be fully paid in with a nominal value of CHF 0.90 each, by a maximum nominal amount of CHF 916'200. An increase in partial amounts is permitted. The Board of Directors will determine the amount of issue, date of dividend entitlement and kind of contributions.

The Board of Directors is entitled to exclude the subscription right of shareholders and allocate such right to third parties in cases where such new shares are to be used for the takeover of companies by way of exchange of shares, or for financing the acquisition of companies, or divisions thereof, or equity interests, or new investment projects of the Company. Shares for which subscription rights were granted but are not exercised will be allocated by the Board of Directors.

The authorized share capital of CHF 916'200 corresponds to 14.6% of the outstanding ordinary share capital.

The Board of Directors has not increased the share capital on the basis of article 3b of the articles of association in 2017.

Changes in share capital
On 1. January 2017, the outstanding ordinary share capital amounted to 6'835'094 registered shares. As a result of the exercise of options in 2017 the outstanding ordinary share capital has increased to 6'957'170 registered shares. Accordingly, the conditional share capital decreased to 122'076 registered shares. Refer to page 59 (condensed consolidated statement of financial position) of this report for more information on changes in share capital over the last three years.

Bonus certificates, options and convertibles
u-blox has not issued bonus certificates, convertible or exchangeable bonds, warrants or other securities granting rights to u-blox shares, except options under the employee stock option plan. The total number of outstanding options issued to employees (including Executive Committee) at December 31, 2017 was 660'375 (9.5% of the outstanding ordinary share capital).

* Options granted to employees of u-blox America Inc.
*** Options granted to employees of u-blox America Inc., u-blox San Diego Inc., u-blox Espoo Oy, u-blox Melbourn Ltd., Leuven branch and CSOP options.

One option grants the right to purchase one share.

4 Shareholder rights
Each registered share entitles the holder to one vote at general meetings. Shareholders representing at least 10% of the share capital may request that an extraordinary general meeting of shareholders be convened. Shareholders representing shares with an aggregate nominal value of at least CHF 1'000'000 may request that an item be included in the agenda of a general meeting.

Such requests must be made in writing at least 45 days before the date of the general meeting, specify the item and contain the proposal on which the shareholder requests a vote. Shareholders have the right to receive dividends, appoint a proxy and other rights as are granted under the Swiss Code of Obligations.

Registration as shareholder
No restrictions apply to the registration as shareholder. Persons who have acquired registered shares will, upon application, be entered in the register of shares as shareholders with voting power, provided they expressly declare to have acquired the shares in their own name and for their own account. Only shareholders registered in the u-blox share register may exercise their voting rights.

Shareholders recorded in the share register as voting shareholders, usually 7-12 days before the date of the general meeting, are admitted to the meeting and entitled to vote. The deadline for registration is defined by the Board of Directors and published on the company’s website under Investor Relations (www.u-blox.com).

No restriction on transfer of shares
No restrictions apply to the transfer of shares.
5 Board of Directors

Composition of the Board of Directors at December 31, 2017:

Prof. Fritz Fahrni, Swiss

Dr. Paul Van Iseghem, Belgian

Fritz Fahrni

Function at u-blox
Prof. Fritz Fahrni was elected Chairman of the Board of Directors of u-blox Holding AG and u-blox AG since 2008. He is a Non-Executive Director.

Professional background
Prof. Fahrni holds a degree in mechanical engineering from the Swiss Federal Institute of Technology Zurich (ETH) and a PhD from the Illinois Institute of Technology, Chicago, USA, as well as a SMP from Harvard Business School, USA. He joined Sulzer AG in 1977 and acted as Chief Executive Officer from 1988 to 1999. From 2000 until 2007, he was Professor for Technology Management and Entrepreneurship at both ETH Zurich and the University of St. Gallen. He now is an Emeritus Professor at both universities.

Other positions or consultancy agreements
Prof. Fritz Fahrni is a member of the Board of the University Hospital Balgrist, Switzerland and he is an individual member of the Swiss Academy of Technical Sciences.

Paul Van Iseghem

Function at u-blox
Dr. Paul Van Iseghem was elected member of the Board of Directors of u-blox Holding AG and u-blox AG in 2011. He is vice-chairman and chairs the audit committee. He is a Non-Executive Director.

Professional background
Dr. Paul Van Iseghem holds a PhD in Engineering from the University of California, USA, and a master degree in Engineering from the University of Leuven, Belgium. He led LEM Holding SA as CEO and president from 2005 to 2010. From 2000 to 2005, he led the components division of LEM. Before joining LEM, he held various management positions in Europe and the US in the engineering industry.

Other positions or consultancy agreements
None.
Gerhard Tröster

Function at u-blox
Prof. Gerhard Tröster has served as a member of the Board of Directors since the incorporation of u-blox Holding AG in 2007. He is also a member of the Board of Directors of u-blox AG. He has served as Chairman of the Board of Directors and as Executive Officer of u-blox AG between 1997 and 2001 and as Vice-Chairman of the Board of Directors between 2001 and 2003. He chairs the nomination and compensation committee. He is a Non-Executive Director.

Professional background
Prof. Gerhard Tröster holds a Diploma degree from the Technical University of Karlsruhe, Germany and a PhD degree from the Technical University of Darmstadt, Germany, both in electrical engineering. He led the Advanced Integrated Circuit Design' group at Telefunken Electronic, Germany from 1984 to 1993. Since 1993 he is Professor for electronics at the Swiss Federal Institute of Technology Zurich (ETH) heading the Electronics Laboratory. In 1997, he co-founded u-blox AG.

Other positions or consultancy agreements
None.

Thomas Seiler

Function at u-blox
Thomas Seiler has served as a member of the Board of Directors and as CEO since the incorporation of u-blox Holding AG in 2007. He serves as CEO and Head of Marketing and Sales of u-blox AG since 2002. In 2006 he was appointed member of the Board of Directors of u-blox AG.

Professional background
Thomas Seiler holds a degree in mechanical engineering from the Swiss Federal Institute of Technology Zurich (ETH) and a MBA diploma from INSEAD, France. In 1987 he was appointed member of the executive committee of Melcher Holding AG, Switzerland and CEO from 1991 to 1998. Thereafter, he served as CEO of Kistler Holding AG, Switzerland from 1999 to 2001.

Other positions or consultancy agreements
Thomas Seiler is a member of the Board of Artum AG, Switzerland.
Jean-Pierre Wyss
Function at u-blox
Since the incorporation of u-blox Holding AG in 2007 Jean-Pierre Wyss has served as a member of the Board of Directors and, until 2011, as CFO. Since 1997, he has served as a member of the Board of Directors, CFO (until 2011) and Executive Director Production and Logistics of u-blox AG.

Professional background
He holds a degree in electrical engineering from the Swiss Federal Institute of Technology Zurich (ETH) and a Finance for Executives diploma from INSEAD in Singapore. From 1995 to 1997 he was a research assistant and project manager at ETH. In 1997, he co-founded u-blox AG.

Other positions or consultancy agreements
Jean-Pierre Wyss is a member of the board of Ardo Medical AG, Switzerland.

Gina Domanig
Function at u-blox
Gina Domanig has served as a member of the Board of Directors of u-blox Holding AG since her appointment in 2016. She also serves as a member of the Board of Directors of u-blox AG since May 2016. She is a member of the nomination and compensation committee. She is a Non-Executive Director.

Professional background
Mrs. Gina Domanig holds a bachelor of science degree in Finance and Economics (Arizona State University) and two MBA degrees (Thunderbird School of Management, USA and ESADE, Spain). Gina Domanig is managing partner at Emerald Technology Ventures AG since 2000. From 1991 to 1999, she held various positions at Sulzer AG prior to becoming Senior Vice President, Head of strategic planning and acquisitions. She held different positions in the finance industry from 1988 to 1991.

Other positions or consultancy agreements
Gina Domanig is a Board member of Die Mobiliar Genossenschaft, Switzerland, Ushr Inc. (USA), GeoDigital International Inc. (Canada), TaKaDu Inc. (Israel), Metgen Oy (Finland), Emerald Technology Ventures AG, Switzerland and European Venture Forum, Switzerland.
André Müller

Function at u-blox
André Müller acts as member of the Board of Directors of u-blox Holding AG and u-blox AG since 2015. He is a member of the audit committee. He is a Non-Executive Director.

Professional background
André Müller holds a degree in mechanical engineering from the Swiss Federal Institute of Technology Zurich (ETH). André Müller was active as CEO of Cicorel SA (Switzerland) and member of the CICOR group management from 2006 to 2009. From 1998 to 2007 he was CEO and as of 1999 chairman of the board of HCT Shaping Systems SA (Switzerland). From 1993 to 1996 he was vice-president and from 1996 to 1998 General Manager of ESEC SA (Switzerland). Prior to that, he held different positions in research and development divisions in the aerospace industry.

Other positions or consultancy agreements
Mr. André Müller is member of the board of Essemtec AG (Switzerland), DW Holding AG (Switzerland), Dispenser Holding AG (Switzerland) and Bangerter Microtechnik AG (Switzerland).

Limitations on the number of mandates outside of u-blox Group
The total cumulative number of mandates outside of the u-blox group is limited for members of the Board of Directors as defined in article 24 of the articles of association available on u-blox’s website under Investor Relations/Corporate Governance/Articles of Association.

Election and term of office
The members of the Board are elected at the annual general assembly and for a term as defined in article 16 (respectively article 17 for members of the nomination and compensation committee) of the articles of association available on u-blox’s website under Investor Relations/Corporate Governance/Articles of Association.
6 Internal organization of the Board of Directors

Decisions are made by the Board of Directors as a whole, with the support of the Nomination and Compensation Committee and the Audit Committee.

The primary functions of the Board of Directors include:

- Providing the strategic direction of the group.
- Determining the organizational structure and governance rules of the group.
- Approving acquisitions.
- Reviewing and approving the annual financial statements and results.
- Preparing matters to be presented at General Meetings.
- Reviewing the Risk Management System.
- Appointment and removal of, as well as the structure of remuneration / compensation payable to members of the Executive Committee and of the Board of Directors.

Further detail is provided under the Rules of Procedure available under the Investor Relations / Corporate Governance section of the company website.

The Board of Directors convened 11 times in 2017. The duration of each meeting was typically between 2 and 4 hours. No external consultants advised the Board of Directors.

Role and functioning of the Board Committees

Each Committee member and its chairman are elected by the Board with the exception of the members of the Nomination and Compensation Committee, which are elected by the General Meeting. For further detail see the Rules of Procedure available under the Investor Relations / Corporate Governance section of the company website.

Audit Committee

The Audit Committee is composed of Paul Van Iseghem (chair) and André Müller.

The Audit Committee’s main duties include the assessment of:

- The completeness, integrity and transparency of financial statements, their compliance with applicable accounting principles and proper reporting to the public.
- The functionality and effectiveness of external and internal control systems including risk management and compliance.
- The quality of audit services rendered by the external and internal auditors.

The audit committee has no authority to take decisions.

The Committee convened twice, once for the preparation of the annual report and once for the preparation of the half year report. The auditors, the members of the audit committee, Fritz Fahrni (Chairman of the Board), Thomas Seiler (CEO and Member of the Board), Roland Jud (CFO), Jean-Pierre Wys (Member of the Board) and the General Counsel participated in the meetings. The duration of each meeting was about 1 hour. No external consultants advised the Audit Committee.

Nomination and Compensation Committee

The Nomination and Compensation Committee is currently composed of Gerhard Tröster (chair) and Gina Domanig. The Committee supports the Board of Directors in the performance of its duties as follows:

- It prepares the personnel-related decisions to be adopted by the Board of Directors, such as personnel planning, compensation policy and report, appointment and removal of members of the board of Directors;
- It structures the remuneration and compensation payable to members of the Board of Directors and of the Executive Committee;
- It drafts the LTI stock options program;
- It proposes the allotment of options within the scope of the LTI stock options program.

The Nomination and Compensation Committee has no authority to take decisions.

The Committee convened four times. The CEO participated in the meeting. The duration of each meeting was about two hours. An external consultant advised the Committee.

Delegation

The Board delegates the executive management of the company to the members of the Executive Committee, as further defined in the Rules of Procedure available under the Investor Relations / Corporate Governance section of the company website.
7 Information and control systems of the Board towards management

Information
The Board ensures that it receives sufficient information from the Executive Committee to perform its supervisory duty. The Board obtains the information required to perform its duties as follows:

- The CEO and the Executive Vice President Production and Logistics are members of the Board of u-blox. All Board members are also members of the Board of u-blox AG. All Executive Committee members participate in the Board meetings and each member presents a status report at each meeting.
- A monthly status report is prepared by the CEO and submitted to the Board.
- The CFO and CEO participated in each Audit Committee meeting. The minutes of meetings are made available to all Board Members.
- The Chairman of the Board meets the CEO approximately every month to discuss the strategy or prepare Board meetings.
- The auditors participated in each Audit Committee meeting.

Risk management
A risk assessment plan for the group is prepared by the Executive Committee and presented to the Board on an ongoing basis. The risk assessment plan identifies the type of risks, the likelihood of the occurrence of the risk, as well as the damage that may be caused if the risk materializes.

At each Board meeting risks and a risk mitigation plan were presented by the Executive Committee. The plan enables the Board to evaluate the appropriateness of the risk management and to monitor the progress achieved in controlling or mitigating the risks.

The Executive Committee is responsible for the execution and implementation of the plan, as well as ensuring that u-blox has the right processes in place to support the early mitigation and avoidance of risks.

8 Management of the group

The members of the Executive Committee are:

</tbody>
</table>

The Board has delegated to the Executive Committee the coordination of the group’s day-to-day business operations. The Executive Committee is headed by the Chief Executive Officer.

The primary functions of the Executive Committee include:

- Conduct of the day-to-day-business and development of new business.
- Implementation and enforcement of resolutions adopted and instructions given by the Board.
- Management and supervision of staff.

Management contracts
u-blox does not have management contracts with third parties. The Executive Committee members are employed by u-blox AG.

Limitations on the number of mandates outside of u-blox Group
The total cumulative number of mandates outside of the u-blox group is limited for members of the Executive Committee as defined in article 24 of the articles of association available on u-blox’s website under Investor Relations/Corporate Governance/Articles of Association.

* Stock option grants in 2014.

With respect to options with a grant date on or prior to January 1, 2012 and on or after January 1, 2015, the exercise price is the lower amount of a) the volume-weighted average share price on the SIX Swiss Exchange during the 30 trading days preceding the grant date and b) the closing share price at the SIX Swiss Exchange on the last trading day before the grant date.
With respect to options with a grant date on January 1, 2014 and with a grant date on January 1, 2013 the exercise price is calculated by deducting 33% from the lower price of a) the volume-weighted average share price on the SIX Swiss Exchange during the 30 trading days preceding the grant date and b) the closing share price at the SIX Swiss Exchange on the last trading day before the grant date.

The exercise price, vesting period, duration and subscription ratio of each plan are mentioned in section 3 of the Corporate Government Report (Capital structure).

12 Information policy

In addition to the annual report, u-blox publishes an interim financial report. u-blox provides stock-price-sensitive information in accordance with the ad hoc publicity requirements of the Listing Rules of the SIX Swiss Exchange and on its website under https://www.u-blox.com/de/investor-relations.

Official notices are published in the Swiss Official Gazette of Commerce. Additionally, all interested parties have the possibility to directly receive from u-blox, via an e-mail distribution list, free and timely notification of publicly released information. All of this information as well as the registration form for the e-mail distribution service, general corporate information and company publications can be found on the Investor Relations section of u-blox’ website: https://www.u-blox.com/de/investor-relations.

11 Auditors

Duration of the mandate and term of office of the lead auditor

In 2017, KPMG AG, Lucerne was re-appointed as Statutory Auditor of u-blox. KPMG Lucerne has been appointed each year since incorporation of u-blox in 2007. Mr. Daniel Haas, Partner, has been acting as the lead auditor since 2014. As provided under the Swiss Code of Obligations, the lead auditor will be rotated every seven years.

Auditing fees
Total auditing fees charged by KPMG for mandatory audits of u-blox for the financial year 2017 amount to CHF 434’259 (excl. VAT).

Additional fees
Additional fees charged by KPMG during the financial year 2017 amounted to CHF 303’022 (excl. VAT) for tax advice and consulting.

Supervisory and control instruments

The External Auditor presents to the Audit Committee an overview of issues found during the audit of the annual financial statement, the half year financial statement, as well as the internal control system. The External Auditors were present at both Audit Committee meetings in 2017.

The Board of Directors monitors the work and audit results of the External Auditors through the Audit Committee. The Audit Committee reviews annually the selection of auditors as well as the level of the external audit fees. In its review, the Audit Committee takes into account the External Auditor’s quality of service, the expenses compared to other auditing companies and the fees for non-audit related services.
13 Compensation policy and report 2017

13.1 Compensation policy
13.2 Compensation report
13.3 Auditor’s report

Dear Shareholder,

As Chairman of the Nomination and Compensation Committee, I am pleased to present the 2017 Compensation Policy and Report which provides an overview of u-blox’s policy and the compensation for the year under review for the Board of Directors and Executive Committee. The policy and report include important information to be considered by the shareholders and complies with the Articles 14-16 of the Ordinance against Excessive Compensation in Listed Stock Corporations, Article 633c of the Swiss Code of Obligations, the SIX Swiss Exchange’s Directive on Information relating to Corporate Governance, as well as the Swiss Code of Best Practice for Corporate Governance of economiesuisse.

2017 Company Performance

u-blox delivered strong performance in 2017 reaching consolidated revenues of CHF 404m, an increase of 12% and EBITDA of CHF 87m, equaling 22% of revenues. We further developed our unique, comprehensive product range covering positioning, cellular and short range communication. New launches in 2017 included the M8320-CT super-low-power positioning chip for wearables, the TOBY-L4 module for high-bandwidth automotive uses and the SARA-N2 series for narrow-band IoT use. Alongside our products, we’re growing our service offering. Our AssistNow GNSS accelerator service broke through the 1bn uses per month mark. We also launched the Sapcorda joint venture to bring high-precision positioning services to the mass market. Our customer base continues to expand, and now numbers more than 5,900 in 66 countries. Diversity is key to this growth: our top 65 customers are based in 24 different countries and no single client accounts for more than 6% of our sales.

Nomination and Compensation Committee Activities

In the past year the Nomination and Compensation Committee focused on succession planning for the members of the Board of Directors, assessing performance in 2017, implementing the updated LTI plan for the Executive Committee, setting targets for 2018, reviewing regulatory and corporate governance developments and ensuring compliance as well as creating this Compensation Report. During the year, we engaged in dialogue with our major shareholders and proxy advisors to gather feedback on our compensation systems and disclosures, and we considered their feedback when taking decisions.

At the 2018 Annual General Meeting, we will seek your approval of the total maximum compensation amount for the Board of Directors for the period until the 2019 Annual General Meeting and for the Executive Committee for the financial year 2019. Further, you will have the opportunity to participate in the consultative vote on the 2017 Compensation Report. In the Compensation Report, you will find that the compensation awarded to the Board of Directors for the compensation period ending with the 2018 Annual General Meeting and the compensation awarded to the Executive Committee in 2017 are within the limits approved at the Annual General Meetings 2016.

Looking ahead, we will continue to regularly review our compensation policy to ensure it promotes and rewards performance in alignment with the long-term interests of our shareholders and compliance with the evolving regulatory framework. We trust that you will find this report informative.

Gerhard Tröster
Chair of the Nomination and Compensation Committee
u-blox AG
13.1 Compensation policy

13.1.1 Compensation Objectives
The compensation policy for the u-blox Executive Committee is designed to achieve the following objectives:

- Competitive
  Total remuneration package is competitive, enabling u-blox to attract and retain highly skilled and motivated entrepreneurial executive staff over the long term.
- Alignment of Interests
  The form of compensation provides an incentive to achieve a sustainable increase in the shareholder value thus ensuring an alignment of interests between management the long-term interests of shareholders.
- Reward Performance and Team Spirit
  The compensation system rewards short and long-term performance and fosters team spirit among Executive Committee members. The achievement of Key Performance Indicators should be rewarded as a team achievement.
- Fair and Transparent
  The compensation decisions are fair and transparent based on function, level of responsibility and performance based on agreed key performance indicators.

The compensation policy for the Board of Directors is designed to attract and retain experienced and motivated people for the Board of Directors function. The remuneration should be competitive and in an appropriate relation to the market as well as ensure the independence of the Board of Directors in its supervisory capacity of the Executive Committee.

13.1.2 Determination of Compensation
Nomination and Compensation Committee

In accordance with the Articles of Incorporation and the Organizational Regulations of u-blox, the Nomination and Compensation Committee (NCC) supports the Board of Directors in fulfilling its duties and responsibilities regarding compensation, including:

- Periodic review of the compensation policy and principles
- Periodic benchmarking of the levels of compensation to ensure market conformity and competitiveness
- Annual assessment of the performance of the CEO and the Executive Committee members
- Annual review of the compensation of the CEO and the Executive Committee members
- Preparation of the Compensation Report

The members of the NCC are exclusively independent, non-executive members of the Board of Directors and are elected annually by the General Assembly. The NCC is chaired by a member nominated by the Board of Directors. Since the 2017 Annual General Meeting, the NCC consists of Gerhard Tröstler (chair) and Gina Domanig. The NCC meets on an as-needed basis but no less than twice per annum. In 2017 the NCC held four meeting at which all members were in attendance. The CEO, CFO, other members of the Board of Directors, the auditors or external consultants may, at the request of the chairman of the NCC, attend the meetings in an advisory capacity. Minutes of the meetings are distributed to the Board of Directors. The NCC Chairman reports on the activities of the NCC at the following meeting of the Board of Directors.

Process of Determining Compensation

NCC conducts a periodic compensation policy review which is supported by external consultants considering market and regulatory developments. Proposed changes to the policy are submitted to the Board of Directors for approval.

The NCC reviews the actual compensation of members of the Board of Directors and the Executive Committee members annually. On a non-periodic basis, the total compensation is benchmarked against companies in the SWX Technology index (SWX ID TECH TR, hereinafter the “Benchmark”) however, in 2017, no benchmarking was undertaken. The company has engaged with an external consultant to advice on best practices and evolving regulatory framework. No other mandate was given to the consultant.

The Board of Directors approves the compensation policy and proposes the total maximum compensation of the members of the Executive Committee and for the members of the Board of Directors to the annual General Assembly for approval. Only non-executive members of the Board of Directors have voting rights on the compensation policy and the total compensation. The total compensation is based on a discretionary decision of the Board of Directors based on the Benchmark and the salary structure of the Executive Committee.

13.1.3 Compensation System for the Executive Committee

The remuneration of the Executive Committee members consists of a base salary, variable bonus (short term incentive), stock options (long term incentive), contributions to pension funds and social insurance.

The compensation system is balanced between fixed and variable components based on short and long-term performance. A meaningful portion of the overall compensation is dependent upon performance yet capped as to not incentivize excessive risk taking or maximizing short term performance at the risk of long term sustainable performance. Executive Committee members are not remunerated for Board of Director membership or other executive positions held within the Group.

13.1.3.1 Base Salary

The base salary of the CEO is determined to ensure a competitive base salary compared to base salaries offered by other companies in the Benchmark and considering the tasks, responsibilities and experience.

The base salary of the other Executive Committee members is defined to achieve both a competitive base salary compared to base salaries offered by other companies in the Benchmark and to maintain strong team spirit. Each member receives the same base salary which is paid out monthly in cash.

13.1.3.2 Variable Bonus

The bonus is designed to reward the achievement of Key Performance Indicators (KPIs) which reflect the interest of shareholders.

As a rule, KPIs are measurable against objective criteria and, wherever reasonable, identical for each EC member.

The bonus depends on two value-driving KPIs:

i) increase in EBIT margin, and

ii) revenue growth rate.

For the CEO, the percentage of base salary for the KPI-related bonus is higher than for other members of the Executive Committee. The bonus of the CEO considers both the revenue growth and the EBIT growth, whereby a linear model applies to the revenue growth and an exponential model for the EBIT growth. The bonus for the CEO is defined as a multiplier of the base salary as follows:

\[ 3 + 0.7 \times (\text{revenue growth rate} - 0.15) \times e^{\left(\text{EBIT margin} - 0.4\right) \times 5} \]

For example: a 20% revenue growth rate and a 10% EBIT margin results in a bonus of 67.7% of the base salary; while a 20% increase in revenue and a 15% EBIT margin results in a bonus of 87%.

The CEO has a maximum bonus of 150% of the base salary.

For other Executive Committee members, the impact of KPIs-related bonus on overall compensation is lower and considers both the revenue growth and the EBIT growth with a linear model. The bonus rate as a multiplier of the base salary is defined as follows for the other EC members:

\[ 1 + 0.4 \times (\text{revenue growth rate} - 0.15) + 2.1 \times (\text{EBIT margin} - 0.4) \]

For example: a 20% revenue growth rate and a 10% EBIT margin results in a bonus of 39% of base salary; while a 20% revenue increase and a 15% EBIT margin would result in a 49.5% bonus.

The bonus of the other Executive Committee members is limited to 100% of the base salary.

For both cases, no bonus is paid out if the EBIT margin is zero or negative. The bonus is paid out in cash after the Annual General Assembly.
13.1.3.3 Long Term Incentive Stock Option Plan

The goal of the long term incentive stock option plan is three-fold: encourage the long-term commitment of management to u-blox; ensure that both shareholders and management have aligned long term interests; and foster team spirit. Each Executive Committee member receives the same number of options.

Long Term Incentive Stock Option Plan 2017

The allocation of options for 2017 depended on the performance measured by the EBITDA change in 2017 compared to the average EBITDA in the preceding three-year period (2014-2016) as the sole parameter and was within the amount approved at the AGM. More options are attributed in case the EBITDA margin increases, less if the EBITDA relative margin decreases. A factor relating to this parameter defines the change in option allotment and was defined by the NCC in its discretion.

The fair value of the options has been determined based on a set of assumptions in terms of anticipated business development within the timeframes covered by the proposal and the possible market performance of the u-blox share within those timeframes. The Board of Directors added a margin to both assumptions in order to allow for a comprehensive spectrum of potential outcomes.

Long Term Incentive Stock Option Plan 2018

The Long Term Incentive Stock Option Plan for FY 2018 was amended at the AGM 2017 to focus on EBITDA margins (as defined by IFRS accounting standards) because it best reflects the financial performance of the company’s operations, is undistorted by accounting practices and is a main indicator for comparing market capitalization within a peer group. This methodology is considered to be better aligned with shareholder interests. To ensure the long term component, the grant is based on the three-year average EBITDA margin relative to a target. The plan includes a defined maximum allocation and a minimum performance threshold below which no allocations are made.

At the beginning of each fiscal year, the NCC proposes the target EBITDA margins to be used in the LTI plan for the following fiscal year taking into consideration the EBITDA margins of the relevant industry peer group, the company’s ongoing business expectations and the financial goals. The Board of Directors approves the minimum, target and maximum goals and payout. Approval is sought from the AGM for the maximum compensation including the fair value of the maximum option grant determined based on a set of assumptions regarding the anticipated business development within the timeframes covered by the proposal and the possible market performance of the u-blox share within those timeframes. The NCC is of the opinion that the performance targets for the LTI-ESOP are commercially sensitive and that it would be detrimental to the interests of the Company to disclose them before the end of the relevant performance period. The performance against those measures will be disclosed after the end of the relevant financial year in that year’s compensation report subject to the sensitivity no longer remaining.

After the performance period has elapsed, the NCC
i) defines the level of actual achievement whereby the number of options granted depends on the achievement of the average EBITDA margins compared to the minimum (0%), target (100%) and maximum (150%), calculated linearly;
ii) defines the fair value of an option at grant date;
iii) calculates the number of options to be granted and limited by the following maximum thresholds:
   • the total number of options to be granted to the Executive Committee does not exceed 40,000 options
   • the Fair Value of options at grant does not exceed 100% of the Base Salary of the members
   • the Fair Value of the options at grant does not exceed the amount allocated to the LTI as approved by the General Assembly
iv) proposes to the Board the grant for each member of the Executive Committee.
The Board of Directors decides within its discretion and within the maximum total compensation approved at the previous AGM.

Each option grants the owner the right to purchase one share at a defined price (exercise price). The option can be exercised within the earliest of three years and the latest six years after the grant date. If not exercised, options expire six years after the grant date. In the case of termination of employment, any unvested options expire on the day following the last day of employment of the Executive Committee member. Vesting is accelerated in case of death or disability and, with respect to options granted as of 2014, upon retirement. There are no special provisions (e.g., vesting acceleration) in case of a change of control. However, the compensation committee will strive to apply a fair approach, i.e., no more will be paid than is warranted in each individual case and that for good leavers, and in case of change-in-control, LTI awards will be pro-rated for time and performance, if and where possible and appropriate.

The exercise price is defined as the lower of a) the volume-weighted average share price on the SIX Swiss Exchange during the 30 trading days preceding the grant date and b) the closing share price at the SIX Swiss Exchange on the last trading day before the grant date.

The LTI amount represents a significant portion of the total compensation, and thus achieves the objectives of ensuring long-term commitment and incentivizing sustainable increase in shareholder value.

13.1.3.4 Malus and claw-back provisions
Malus and claw-back provisions apply to forfeit or recover payments made as bonus and under the LTI-ESOP. Such provisions cover situations where the company is required to restate its accounts due to non-compliance with financial reporting requirements under the securities laws at the time of disclosure. In such cases, the Board of Directors is empowered to recalculate the respective payout according to the restated financial results and seek reimbursement of any bonus amount or LTI-ESOP grant allocated in excess of the newly calculated amount. The claw-back clause is applicable for three years after the payment or grant of the respective compensation.

13.1.3.5 Pension funds and social insurance benefits
The aim is to provide the Executive Committee members and their family members a financial coverage in case of retirement, illness, invalidity or death in line with market practices and regulations. The members of the Executive Committee, as all eligible employees in Switzerland, are insured against the risks of old age, death and disability (AHV). With respect to pension benefits (amounts which give rise to pension entitlements or increase pension benefits), the employer contributes 60% of the obligatory pension scheme fees and approximately 65% of the non-obligatory private pension scheme fees.

13.1.3.6 Other Benefits
The CEO is entitled to the use of a company car.

13.1.3.7 Employment contracts
The employment contracts of the members of the Executive Committee may be subject to a minimum of six and a maximum of twelve-months notice period. No termination benefits are payable. The contracts do not contain a clause relating to change of control. Executive Committee members may be subject to non-compete provisions upon termination of their employment contract which, however, will not exceed 12 months after the termination date. In case an Executive Committee member terminates the employment contract, the company may trigger the non-compete obligation in exchange for a fee limited to 50% of the Executive Committee member’s annual base salary.

13.1.3.8 Loans
No guarantees or loans are granted to members of the Board of Directors or Executive Committee.

13.1.4 Compensation System for the Board of Directors
To ensure the independence of the Board of Directors in its supervisory capacity of the Executive Committee, members of the Board of Directors receive a fixed remuneration. In addition to the base director fees an additional fixed fee is paid for positions of chairman, committee chairman and committee member. The Chairman of the Board is not eligible for additional compensation for participation in committees.

| Board compensation including social insurance | Period AGM 2017 through AGM 2018 |
| Base Compensation for chairman of the Board | CHF 158’000 |
| Base Compensation for member of the Board | CHF 90’000 |
| Additional compensation for committee membership | CHF 15’000 |
| Additional compensation for committee chairman | CHF 10’000 |

The remuneration is paid out in the form of cash only and on a pro-rata basis, twice per annum. Board of Directors compensation does not include any performance or profit-related components such as shares or options.

Actual expenses incurred are reimbursed, according to the company policy, for travel arising out of duties performed on behalf of the Board of Directors. No pension, social insurance contributions or benefits are granted to the Board members, except where compulsory under Swiss law.
13.2 Compensation report 2017

13.2.1 Board of Directors
The total amount of compensation of the Board of Directors remained unchanged from 2016. However, individual compensation amounts varied to reflect committee membership changes. The total compensation stayed within the limits as approved by the shareholder meeting (TCHF 600).

1) The compensation is shown for fiscal year 2016, whereas the approved budget covers the period AGM 2016 to AGM 2017.
2) Mandatory social insurance.
3) Soo Boon Quek resigned at AGM 2016.

13.2.2 Executive Committee
In fiscal year 2016 a review of the total compensation including base salary, bonus, and stock options of EC members was performed by the NCC.

Base Salary
On the basis of the review, the BOD proposed at the 2016 AGM that as of January 1, 2017 the base salary of the CEO was increased by 4.0% and the other EC members by 4.0% in order to reach the median total compensation of the benchmarked companies (SWX ID TECH PR).

Variable Bonus
CEO:
For 2017, the bonus of the CEO amounted to 90.1% of the base salary. For the CEO, the bonus amount has increased due to the increased base salary and the higher achieved EBIT margin.

Input data
Revenue growth rate 12.1%
EBIT margin 16.1%

Output
Bonus rate 90.1%

Other Executive Committee members:
For 2017, the bonus of the other Executive Committee members amounted to 48.7% of the base salary. Compared to 2016, the bonus amount for the Executive Committee members has decreased due to lower revenue growth.

Input data
Revenue growth rate 12.1%
EBIT margin 16.1%

Output
Bonus rate 48.7%

The KPIs and formula for determining the variable bonus amount remained unchanged compared to the previous years because the long development times for products (several years), together with the long adoption period of u-blox products by relevant customers, make the selected KPIs most appropriate in this business environment. The long market cycles reward only a long-term strategy and engagement and continual effort by the Executive Committee. Furthermore, over the last decade, the KPIs have remained unchanged.

Long Term Incentive Stock Option Plan
For 2017, the Board of Directors decided, based on a proposal of the NCC in accordance with the LTI Stock Option Plan 2017 having delivered positive results with 20% growth of EBITDA compared to average EBITDA of preceding three years, to grant 6’829 options at-the-money (i.e. the strike price equals the average stock price of the last 30 trading days before the grant date) to the Executive Committee.
13.2.3 Compensation paid to the members of the Executive Committee 2017

The total compensation stayed within the limits as approved by the shareholder meeting (TCHF 7'700).

13.3 Auditor’s report

Report of the Statutory Auditor

To the General Meeting of Shareholders of u-blox Holding AG, Thalwil

We have audited the accompanying compensation report of u-blox Holding AG for the year ended December 31, 2017. The audit was limited to the information according to articles 14 - 16 of the Ordinance against Excessive compensation in Stock Exchange Listed Companies contained in paragraph 13.2.1, 13.2.3 and 13.2.4 of the compensation report 2017 on pages 23 to 24.

Responsibility of the Board of Directors

The Board of Directors is responsible for the preparation and overall fair presentation of the compensation report in accordance with Swiss law and the Ordinance against Excessive compensation in Stock Exchange Listed Companies (Ordinance). The Board of Directors is also responsible for designing the compensation system and defining individual compensation packages.

Auditor’s Responsibility

Our responsibility is to express an opinion on the accompanying compensation report. We conducted our audit in accordance with Swiss Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the compensation report complies with Swiss law and articles 14 – 16 of the Ordinance.

An audit involves performing procedures to obtain audit evidence on the disclosures made in the compensation report with regard to compensation, loans and credits in accordance with articles 14 – 16 of the Ordinance. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatements in the compensation report, whether due to fraud or error. This audit also includes evaluating the reasonableness of the methods applied to value components of compensation, as well as assessing the overall presentation of the compensation report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the compensation report for the year ended December 31, 2017 of u-blox Holding AG complies with Swiss law and articles 14 – 16 of the Ordinance.
