Corporate Governance

The report describes the management structure, organization and control within the u-blox group at December 31, 2018. The report in conjunction with the Compensation Report fulfills the main requirements of the “Directive on Information relating to Corporate Governance” of the SIX Swiss Exchange.

1 Group structure
u-blox group

The registered domicile of u-blox Holding AG and u-blox AG is: Zürcherstrasse 68, 8800 Thalwil, Switzerland. u-blox AG was founded in 1997. u-blox Holding AG, the only shareholder of u-blox AG, was incorporated in September 2007 and listed on the SIX Swiss Exchange on October 26, 2007 (Valor No. 3336167, ISIN CH0033361673, ticker symbol: UBXN). Hereinafter, u-blox Holding AG is referred to as u-blox.

The market capitalization at December 31, 2018 was CHF 561 million based on the outstanding ordinary share capital (7'099'857 shares).

Business operations are conducted through u-blox group companies. u-blox Holding AG directly or indirectly owns all companies belonging to the u-blox group. The shares of these companies are not publicly traded. u-blox subsidiaries are listed in note 2 to the consolidated financial statements. The operational group structure is organized according to different areas of responsibilities of each member of the Executive Committee. These responsibilities apply across the entire group and on a global basis.

2 Shareholders of u-blox

Significant shareholders

As of December 31, 2018, u-blox had 6'289 registered shareholders. According to the disclosures of shareholders, the largest shareholders (> 3%) were:

Credit Suisse Group AG 9.24%
Baillie Gifford & Co, Edinburgh, UK 5.53%
Credit Suisse Fund Management S.A. 5.16%
Atlantic Value General Partner Limited, London, UK 4.73%

The shareholders reduced or increased their shareholding progressively.

For further detail see: www.six-swiss-exchange.com under “Market Data – Overview – Significant Shareholders."

Cross shareholdings
u-blox has no cross shareholdings in any company.

3 Capital structure
Share capital of u-blox

Ordinary share capital

On December 31, 2018 the outstanding ordinary share capital of u-blox was CHF6‘389‘871.30 fully paid in and divided into 7‘099‘857 shares of CHF 0.90 nominal value each. There are no preferential voting shares. All shares have equal voting rights. No participation certificates, nonvoting equity securities (Genuss scheine) or profit- sharing certificates have been issued.

Conditional share capital

According to article 3a of the articles of association, the share capital of u-blox may be increased by a maximum amount of CHF 221‘024.70 by the issuance of no more than 245‘583 registered shares that are to be fully paid-in and have a nominal value of CHF 0.90 each; this increase being the result of the exercise of option rights granted to the members of the boards of directors and to the employees of the Company and its subsidiaries in accordance with one or more equity investment plans. The Board of Directors will determine the issue price for the new shares as well as the equity investment plan. Subscription and pre-emptive rights of shareholders are excluded for this conditional capital increase.

The conditional share capital of CHF 221‘024.70 corresponds to 3.46% of the outstanding ordinary share capital.

Authorized share capital

According to article 3b of the articles of association, the Board of Directors is authorized to increase the share capital
at any time but no later than by April 30, 2019, by way of issuance of no more than 1'018'000 registered shares that are to be fully paid in with a nominal value of CHF 0.90 each, by a maximum nominal amount of CHF 916'200. An increase in partial amounts is permitted. The Board of Directors will determine the amount of issue, date of dividend entitlement and kind of contributions.

The Board of Directors is entitled to exclude the subscription right of shareholders and allocate such right to third parties in cases where such new shares are to be used for the takeover of companies by way of exchange of shares, or for financing the acquisition of companies, or divisions thereof, or equity interests, or new investment projects of the Company. Shares for which subscription rights were granted but are not exercised will be allocated by the Board of Directors.

The authorized share capital of CHF 916'200 corresponds to 14.3% of the outstanding ordinary share capital.

The Board of Directors has not increased the share capital on the basis of article 3b of the articles of association in 2018.

**Changes in share capital**

On 1. January 2018, the outstanding ordinary share capital amounted to 6'957'170 registered shares. As a result of the exercise of options in 2018 the outstanding ordinary share capital has increased to 7'099'857 registered shares. Accordingly, the conditional share capital decreased to 108'227 registered shares. Refer to page 63 (consolidated statement of financial position) of this report for more information on changes in share capital over the last three years.

**Bonus certificates, options and convertibles**

u-blox has not issued bonus certificates, convertible or exchangeable bonds, warrants or other securities granting rights to u-blox shares, except options under the employee stock option plan. The total number of outstanding options issued to employees (including Executive Committee) at December 31, 2018 was 692'846 (9.8% of the outstanding ordinary share capital).

* Options granted to employees of u-blox America Inc.
*** Options granted to employees of u-blox America Inc., u-blox San Diego Inc., u-blox Espoo Oy, u-blox Melbourn Ltd., Leuven branch and CSOP options.

One option grants the right to purchase one share.

**4 Shareholder rights**

Each registered share entitles the holder to one vote at general meetings. Shareholders representing at least 10% of the share capital may request that an extraordinary general meeting of shareholders be convened. Shareholders representing shares with an aggregate nominal value of at least CHF 1'000'000 may request that an item be included in the agenda of a general meeting.

Such requests must be made in writing at least 45 days before the date of the general meeting, specify the item and contain the proposal on which the shareholder requests a vote. Shareholders have the right to receive dividends, appoint a proxy and other rights as are granted under the Swiss Code of Obligations.

**Registration as shareholder**

No restrictions apply to the registration as shareholder. Persons who have acquired registered shares will, upon application, be entered in the register of shares as shareholders with voting power, provided they expressly declare to have acquired the shares in their own name and for their own account. Only shareholders registered in the u-blox share register may exercise their voting rights.

Shareholders recorded in the share register as voting shareholders, usually 7-12 days before the date of the general meeting, are admitted to the meeting and entitled to vote. The deadline for registration is defined by the Board of Directors and published on the company’s website under Investor Relations (www.u-blox.com).

**Bonus restriction on transfer of shares**

No restrictions apply to the transfer of shares.
5 Board of Directors

Composition of the Board of Directors at December 31, 2018:

**André Müller**

**Function at u-blox**
André Müller acts as chairman of the Board of Directors of u-blox Holding AG and u-blox AG since 2018. He is a Non-Executive Director.

**Professional background**
André Müller holds a master degree in mechanical engineering from the Swiss Federal Institute of Technology Zurich (ETH). Mr. Looser holds a master degree in physics from ETH Zurich and a master degree in economics from the University of St. Gallen.

Other positions or consultancy agreements
Ulrich Looser is a member Mr. Looser is a board member of three listed companies (Kardex Group, Straumann Group and LEM) and is a member of various associations and foundations.

Ulrich Looser, Swiss
6 Internal organization of the Board of Directors

Decisions are made by the Board of Directors as a whole, with the support of the Nomination and Compensation Committee and the Audit Committee.

The primary functions of the Board of Directors include:

- Providing the strategic direction of the group.
- Determining the organizational structure and governance rules of the group.
- Approving acquisitions.
- Reviewing and approving the annual financial statements and results.
- Preparing matters to be presented at General Meetings.
- Reviewing the Risk Management System.
- Appointment and removal of, as well as the structure of remuneration / compensation payable to members of the Executive Committee and of the Board of Directors.

Further detail is provided under the Rules of Procedure available under the Investors / Corporate Governance / Rules of Procedure section of the company website.

The Board of Directors convened 15 times in 2018. The duration of each meeting was typically between 1 and 4 hours. No external consultants advised the Board of Directors. On average, 75% Board of Directors members attended the meetings.

Role and functioning of the Board Committees

Each Committee member and its chairman are elected by the Board with the exception of the members of the Nomination and Compensation Committee, which are elected by the General Meeting. For further detail see the Rules of Procedure available under the Investors / Corporate Governance / Rules of Procedure section of the company website.

Audit Committee

The Audit Committee is composed of Paul Van Iseghem (chair) and Ulrich Looser. The Audit Committee’s main duties include the assessment of:

- The completeness, integrity and transparency of financial statements, their compliance with applicable accounting principles and proper reporting to the public.
- The functionality and effectiveness of external and internal control systems including risk management and compliance.
- The quality of audit services rendered by the external and internal auditors.

The audit committee has no authority to take decisions.

The Committee convened three (3) times: for the preparation of the half year and annual report and to discuss tax strategies. The auditors, the members of the audit committee, each Board member and the General Counsel participated in the meetings for the half year and annual report. The tax strategy meeting was attended by the members of the audit committee, the Chairman of Board and the CFO. The duration of each meeting was about 1 hour. No external consultants advised the Audit Committee.

Nomination and Compensation Committee

The Nomination and Compensation Committee is currently composed of Gina Domanig (chair) and Gerhard Tröster. The Committee supports the Board of Directors in the performance of its duties as follows:

- It prepares the personnel-related decisions to be adopted by the Board of Directors, such as personnel planning, compensation policy and report, appointment and removal of members of the board of Directors;
- It structures the remuneration and compensation payable to members of the Board of Directors and of the Executive Committee;
- It drafts the LTI stock options program;
- It proposes the allotment of options within the scope of the LTI stock options program.

The Nomination and Compensation Committee has no authority to take decisions.

The Committee convened four (4) times. The members of the Committee and the CEO participated in the meeting. The duration of each meeting was about one hour. No external consultant advised the Committee.

Delegation

The Board delegates the executive management of the company to the members of the Executive Committee, as further defined in the Rules of Procedure available under the Investors / Corporate Governance / Rules of Procedure section of the company website.
7 Information and control systems of the Board towards management

Information
The Board ensures that it receives sufficient information from the Executive Committee to perform its supervisory duty. The Board obtains the information required to perform its duties as follows:

• The CEO and the Executive Vice President Production and Logistics are members of the Board of u-blox. All Board members are also members of the Board of u-blox AG. All Executive Committee members participate in the Board meetings and each member presents a status report at each meeting.
• A monthly status report is prepared by the CEO and submitted to the Board.
• The CFO and CEO participated in each Audit Committee meeting. The minutes of meetings are made available to all Board Members.
• The Chairman of the Board meets the CEO approximately every month to discuss the strategy or prepare Board meetings.
• The auditors participated in each Audit Committee meeting.

Risk management
A risk assessment plan for the group is prepared by the Executive Committee and presented to the Board on an ongoing basis. The risk assessment plan identifies the type of risks, the likelihood of the occurrence of the risk, as well as the damage that may be caused if the risk materializes.

At each Board meeting risks and a risk mitigation plan were presented by the Executive Committee. The plan enables the Board to evaluate the appropriateness of the risk management and to monitor the progress achieved in controlling or mitigating the risks.

The Executive Committee is responsible for the execution and implementation of the plan, as well as ensuring that u-blox has the right processes in place to support the early mitigation and avoidance of risks.

8 Management of the group

</table>

The Board has delegated to the Executive Committee the coordination of the group’s day-to-day business operations. The Executive Committee is headed by the Chief Executive Officer.

The primary functions of the Executive Committee include:

• Conduct of the day-to-day-business and development of new business.
• Implementation and enforcement of resolutions adopted and instructions given by the Board.
• Management and supervision of staff.

Management contracts
u-blox does not have management contracts with third parties. The Executive Committee members are employed by u-blox AG.

Limitations on the number of mandates outside of u-blox Group
The total cumulative number of mandates outside of the u-blox group is limited for members of the Executive Committee as defined in article 24 of the articles of association available on u-blox’s website under Investors / Corporate Governance / Articles of Association.

* Stock option grants in 2014, 2015

With respect to options with a grant date on or prior to January 1, 2012 and on or after January 1, 2015, the exercise price is the lower amount of a) the volume-weighted average share price on the SIX Swiss Exchange during the 30 trading days preceding the grant date and b) the closing share price at the SIX Swiss Exchange on the last trading day before the grant date.
With respect to options with a grant date on January 1, 2014 and with a grant date on January 1, 2013 the exercise price is calculated by deducting 33% from the lower price of a) the volume-weighted average share price on the SIX Swiss Exchange during the 30 trading days preceding the grant date and b) the closing share price at the SIX Swiss Exchange on the last trading day before the grant date.

The exercise price, vesting period, duration and subscription ratio of each plan are mentioned in section 3 of the Corporate Governance Report (Capital structure).

11 Auditors

Duration of the mandate and term of office of the lead auditor
In 2018, KPMG AG, Lucerne was re-appointed as Statutory Auditor of u-blox. KPMG Lucerne has been appointed each year since incorporation of u-blox in 2007. Mr. Daniel Haas, Partner, has been acting as the lead auditor since 2014. As provided under the Swiss Code of Obligations, the lead auditor will be rotated every seven years.

Auditing fees
Total auditing fees charged by KPMG for mandatory audits of u-blox for the financial year 2018 amount to CHF 483'750 (excl. VAT).

Additional fees
Additional fees charged by KPMG during the financial year 2018 amounted to CHF 220'559 (excl. VAT) for tax advice and consulting.

Supervisory and control instruments
The External Auditor presents to the Audit Committee an overview of issues found during the audit of the annual financial statement, the half year financial statement, as well as the internal control system. The External Auditors were present at two Audit Committee meetings in 2018.

The Board of Directors monitors the work and audit results of the External Auditors through the Audit Committee. The Audit Committee reviews annually the selection of auditors as well as the level of the external audit fees. In its review, the Audit Committee takes into account the External Auditor’s quality of service, the expenses compared to other auditing companies and the fees for non-audit related services.

12 Information policy

In addition to the annual report, u-blox publishes an interim financial report. u-blox provides stock-price-sensitive information in accordance with the ad hoc publicity requirements of the Listing Rules of the SIX Swiss Exchange and on its website under https://www.u-blox.com/de/investor-relations.

Official notices are published in the Swiss Official Gazette of Commerce. Additionally, all interested parties have the possibility to directly receive from u-blox, via an e-mail distribution list, free and timely notification of publicly released information. All of this information as well as the registration form for the e-mail distribution service, general corporate information and company publications can be found on the Investor Relations section of u-blox’ website: https://www.u-blox.com/en.

Phone: +41 44 722 74 86
E-mail: gitte.jensen@u-blox.com
Dear Shareholder,

As Chair of the Nomination and Compensation Committee, I am pleased to present the 2018 Compensation Policy and Report which provide an overview of u-blox’s policy and the compensation for the Board of Directors and Executive Committee for the year under review. The policy and report include important information to be considered by the shareholders and complies with the Articles 14-16 of the Ordinance against Excessive Compensation in Listed Stock Corporations, Article 633c of the Swiss Code of Obligations, the SIX Swiss Exchange’s Directive on Information relating to Corporate Governance, as well as the Swiss Code of Best Practice for Corporate Governance of economiesuisse.

2018 Company Performance

Broadly, market conditions in 2018 were not favorable for our business. In the Americas, revenues declined slightly due to the initial slow migration to LTE, however we now see this improving. In Asia, several factors impacted our business including the negative impact of the US-China trade war and the positive impact of growth in the infrastructure, car navigation, and aftermarket car electronics sectors. Meanwhile EMEA revenues grew an impressive 21% in 2018 and we expect that trend to continue. For 2019 we foresee an improvement of the macro trends and a return to attractive growth in all regions. Our optimism for the future is based on several factors:

- Our product initiatives are at the forefront important megatrends in the industry.
- We continue to convince key customers with our technology and innovation leadership.
- Our core intellectual property provides the platform to deliver value-added services.
- Our product diversification by applications and geography assure stability.
- Our focus on increasing the number of products using our own silicon provides a substantial competitive advantage.

New launches in 2018 have strengthened our position in the market, with the UBX-P3 V2X communication chips and the F9 high-precision positioning chips and modules, both platforms well-received by customers. The F9 is compatible with correctional data services, such as the one we’re bringing to market with Bosch, Geo++ and Mitsubishi Electric through the Sapcorda joint venture.

Nomination and Compensation Committee Activities

In the past year the Nomination and Compensation Committee met four times. The focus was on succession planning for the Board of Directors, assessing 2017 performance, setting targets for 2018, reviewing and ensuring compliance with regulatory and corporate governance developments, as well as creating this Compensation Report. During the year, we engaged in dialogue with our major shareholders and proxy advisors to gather feedback on our compensation systems and disclosures, and we considered their feedback when taking decisions.

At the 2019 Annual General Meeting, we will seek your approval of the total maximum compensation amount for the Board of Directors for the period until the 2020 Annual General Meeting and for the Executive Committee for the financial year 2020. Further, you will have the opportunity to participate in the consultative vote on the 2018 Compensation Report. In the Compensation Report, you will find that the actual compensation awarded to the Board of Directors for the compensation period ending with the 2019 Annual General Meeting and the actual compensation awarded to the Executive Committee in 2018 are within the limits approved at the Annual General Meetings 2017. Also we are glad to report that the newly established share ownership guideline was fulfilled by both, the members of the Board and the members of the Executive Committee.
At the forthcoming meeting, Prof. Dr. Gerhard Tröster and Dr. Paul Van Iseghem will retire as members of our board and therefore will not stand for re-election. Both have been instrumental in the development of the company – Prof. Dr. Gerhard Tröster as founding professor since u-blox was spun off from the ETH in 1997 and Dr. Paul van Iseghem as Vice Chairman of the board since 2011.

We are very pleased to propose both of the following candidates for election:

- **Dr. Annette Rinck** as non-executive director to join the Board of Directors of u-blox Holding AG
- **Markus Borchert** as non-executive director to join the Board of Directors of u-blox Holding AG

Looking ahead, we will continue to regularly review our compensation policy to ensure it promotes and rewards performance in alignment with the long-term interests of our shareholders and compliance with the evolving regulatory framework. We will also continue to engage constructively with regulators, shareholders and other stakeholders and value the insight these discussions provide.

We trust that you will find this report informative.

Gina Domanig
Chair of the Nomination and Compensation Committee u-blox AG
13.1 Compensation Policy

Executive Committee

Compensation Objectives
The compensation policy for the u-blox Executive Committee is designed to achieve the following objectives:

- Competitive
  Total remuneration package is competitive, enabling u-blox to attract and retain highly skilled and motivated entrepreneurial executive staff over the long term.
- Alignment of Interests
  The form of compensation provides an incentive to achieve a sustainable increase in the shareholder value thus ensuring an alignment of interests between management and the long-term interests of shareholders.
- Reward Performance and Team Spirit
  The compensation system is designed to promote medium and long-term success and to foster team spirit among Executive Committee members. Remuneration that is independent of performance, guaranteed or discretionary, and in particular "pay for failure", should be avoided. The achievement of Key Performance Indicators should be rewarded as a team achievement.
- Fair and Transparent
  The compensation decisions are fair and transparent based on function and level of responsibility and ensuring that variable components are based on agreed and clear measurable performance metrics in line with the company’s KPIs.

The compensation policy for the Board of Directors is designed to attract and retain experienced and motivated people for the Board of Directors function. The remuneration should be competitive and in an appropriate relation to the market as well as ensure the independence of the Board of Directors in its supervisory capacity of the Executive Committee.

Determination of Compensation

Nomination and Compensation Committee
In accordance with the Articles of Incorporation and the Organizational Regulations of u-blox, the Nomination and Compensation Committee (NCC) supports the Board of Directors in fulfilling its duties and responsibilities regarding compensation, including:

- Periodic review of the compensation policy and principles
- Periodic benchmarking of the levels of compensation to ensure market conformity and competitiveness
- Annual review of performance metrics: KPI selection and targets
- Annual assessment of the performance of the CEO and the Executive Committee members
- Annual review of the compensation of the CEO and the Executive Committee members
- Preparation of the Compensation Report

The members of the NCC are exclusively independent, non-executive members of the Board of Directors and are elected annually by the General Assembly. The NCC is chaired by a member nominated by the Board of Directors. Since the 2018 Annual General Meeting, the NCC consists of Gina Domanig (chair) and Gerhard Tröster. The NCC meets on an as-needed basis but no less than twice per annum. The CEO, CFO, other members of the Board of Directors, the auditors or external consultants may, at the request of the chairman of the NCC, attend the meetings in an advisory capacity. Minutes of the meetings are distributed to the Board of Directors. The NCC Chair reports on the activities of the NCC at the following meeting of the Board of Directors.

Annual Process and Responsibilities for Compensation of Executive Committee and Board of Directors

Process of Determining Compensation
To assess the competitiveness of the total remuneration for Group Executive Management, the NCC conducts a periodic compensation policy review which is supported by external consultants considering market and regulatory developments. Proposed changes to the policy are submitted to the Board of Directors for approval.

The NCC reviews the actual compensation of members of the Board of Directors and the Executive Committee members annually. On a tri-annual basis, the total compensation is benchmarked against companies in the SWX Technology index (SWX ID TECH TR, hereinafter the “Benchmark”) however, in 2018, no benchmarking was undertaken. During the year, the company has engaged with an external consultant, to advise on best practices and evolving regulatory framework in the area of corporate governance and executive remuneration. No other mandate was given to the consultant.

The Board of Directors approves the compensation policy and proposes the total maximum compensation of the members of the Executive Committee and for the members of the Board of Directors to the annual General Assembly for approval. Only non-executive members of the Board of Directors have voting rights on the compensation policy and the total compensation. The total compensation is based on a discretionary decision of the Board of Directors based on the Benchmark and the salary structure of the Executive Committee.

Compensation System for the Executive Committee
The remuneration of the Executive Committee members consists of a base salary, variable bonus (short term incentive), stock options (long term incentive), contributions to pension funds and social insurance. The compensation system is a combination of fixed and variable components based on short and long-term performance. A greater portion of the overall compensation is dependent upon performance yet capped as to not incentivize excessive risk taking or maximizing short term performance at the risk of long-term sustainable performance. Executive Committee members are not remunerated for Board of Director membership or other executive positions held within the Group.

Base Salary
The base salary of the CEO is determined to ensure a competitive base salary compared to base salaries offered by other companies in the Benchmark and considering the tasks, responsibilities and experience.

The base salary of the other Executive Committee members is defined to achieve both a competitive base salary compared to base salaries offered by other companies in the Benchmark. In 2018, the Executive Committee salaries were adjusted in line with inflation and the general workforce salary increase. As roles and responsibilities change, the NCC will review salaries accordingly.

Variable Bonus
The bonus is designed to reward the achievement of Key Performance Indicators (KPIs) which reflect the interest of shareholders.

As a rule, KPIs are measurable against objective criteria and, wherever reasonable, identical for each EC member.

The bonus depends on two value-driving KPIs:
I. increase in EBIT margin, and
II. revenue growth rate.

For the CEO, the percentage of base salary for the KPI related bonus is higher than for other members of the Executive Committee. The bonus of the CEO considers both the revenue growth and the EBIT growth, whereby a linear model applies to the revenue growth and an exponential model for the EBIT growth. The bonus for the CEO is defined as a multiplier of the base salary as follows:

\[ 3 + 0.7 \times (\text{revenue growth rate} - 0.15) \times e^{(\text{EBIT margin} - 0.4) \times 5} \]

For example: a 20% revenue growth rate and a 10% EBIT margin results in a bonus of 67.7% of the base salary; while a 20% increase in revenue and a 15% EBIT margin results in a bonus of 87%.
The CEO has a maximum bonus of 150% of the base salary. For other Executive Committee members, the impact of KPI related bonus on overall compensation is lower and considers both the revenue growth and the EBIT growth with a linear model. The bonus rate as a multiplier of the base salary is defined as follows for the other EC members:

\[ 1 + 0.4 \times (\text{revenue growth rate} - 0.15) + 2.1 \times (\text{EBIT margin} - 0.4) \]

For example: a 20% revenue growth rate and a 10% EBIT margin results in a bonus of 39% of base salary; while a 20% revenue increase and a 15% EBIT margin would result in a 49.5% bonus.

The bonus of the other Executive Committee members is limited to 100% of the base salary.

For both cases, no bonus is paid out if the EBIT margin is zero or negative. The bonus is paid out in cash after the Annual General Assembly.

**Long Term Incentive Stock Option Plan 2018**

The goal of the long-term incentive stock option plan is three-fold: encourage the long-term commitment of management to u-blox; ensure that both shareholders and management have aligned long term interests; and foster team spirit. Each Executive Committee member receives the same number of options.

The Long-Term Incentive Stock Option Plan for FY 2018 was amended at the AGM 2017 to focus on EBITDA margins (as defined by IFRS accounting standards) as it best reflects the financial performance of the company’s operations, is a main indicator for comparing market capitalization within a peer group and is aligned with shareholder interests. To ensure the long-term component, the grant is based on the three-year average EBITDA margin relative to a target. The plan includes a defined maximum allocation and a minimum performance threshold below which no allocations are made.

At the beginning of each fiscal year, the NCC proposes the target EBITDA margins to be used in the LTI plan for the following fiscal year taking into consideration the EBITDA margins of the relevant industry peer group, the company’s ongoing business expectations and the financial goals. The Board of Directors approves the minimum, target and maximum goals and payout. Approval is sought from the AGM for the maximum compensation including the fair value of the maximum option grant based on a set of assumptions regarding the anticipated business development within the timeframes covered by the proposal and the possible market performance of the u-blox share within those timeframes. The NCC is of the opinion that the performance targets for the LTI-ESOP are commercially sensitive and that it would be detrimental to the interests of the Company to disclose them before the end of the relevant performance period. The performance against those measures will be disclosed after the end of the relevant financial year in that year’s compensation report subject to the sensitivity no longer remaining.

After the performance period, the NCC

i. defines the level of actual achievement whereby the number of options granted depends on the achievement of the average EBITDA margins compared to the minimum (0%), target (100%) and maximum (150%), calculated linearly, whereby 100% is equal to 6,000 options;

ii. defines the fair value of an option at grant date;

iii. calculates the number of options to be granted and limited by the following maximum thresholds:

- the total number of options to be granted to the Executive Committee of five members does not exceed 40,000 options
- the fair value of options at grant does not exceed 100% of the Base Salary of the members
- the fair value of the options at grant does not exceed the amount allocated to the LTI as approved by the General Assembly

iv. proposes to the Board the grant for each member of the Executive Committee.

The Board of Directors decides within its discretion and within the maximum total compensation approved at the previous AGM.

Each option grants the owner the right to purchase one share at a defined price (exercise price). The option can be exercised within the earliest of three years and the latest six years after the grant date. If not exercised, options expire six years after the grant date. In the case of termination of employment, any unvested options expire on the day following the last day of employment of the Executive Committee member. Vesting is accelerated in case of death or disability and, with respect to options granted as from 2014, upon retirement. There are no special provisions (e.g. vesting acceleration) in case of a change of control.
However, the compensation committee will strive to apply a fair approach, i.e. no more will be paid than is warranted in each individual case and that for good leavers, and in case of change-in-control, LTI awards will be pro-rated for time and performance, if and where possible and appropriate.

The exercise price is defined as the lower of a) the volume-weighted average share price on the SIX Swiss Exchange during the 30 trading days preceding the grant date and b) the closing share price at the SIX Swiss Exchange on the last trading day before the grant date.

The LTI amount can represent a significant portion of the total compensation and thus achieves the objectives of ensuring long-term commitment and incentivizing sustainable increase in shareholder value.

**Malus and claw-back provisions**
Malus and claw-back provisions apply to forfeit or recover payments made as bonus and under the LTI-ESOP. Such provisions cover situations where the company is required to restate its accounts due to non-compliance with financial reporting requirements under the securities laws at the time of disclosure. In such cases, the Board of Directors is empowered to recalculate the respective payout according to the restated financial results and seek reimbursement of any bonus amount or LTI-ESOP grant allocated in excess of the newly calculated amount. The claw-back clause is applicable for three years after the payment or grant of the respective compensation.

**Pension funds and social insurance benefits**
The aim is to provide the Executive Committee members and their family members a financial coverage in case of retirement, illness, invalidity or death in line with market practices and regulations. The members of the Executive Committee, as all eligible employees in Switzerland, are insured against the risks of old age, death and disability (AHV). With respect to pension benefits (amounts which give rise to pension entitlements or increase pension benefits), the employer contributes 60% of the obligatory pension scheme fees and approximately 65% of the non-obligatory private pension scheme fees.

**Other Benefits**
The CEO is entitled to the use of a company car.

**Employment contracts**
The employment contracts of the members of the Executive Committee may be subject to a minimum of six and a maximum of twelve-months’ notice period. No termination benefits are payable. The contracts do not contain a clause relating to change of control. Executive Committee members may be subject to non-compete provisions upon termination of their employment contract which, however, will not exceed 12 months after the termination date. In case an Executive Committee member terminates the employment contract, the company may trigger the non-compete obligation in exchange for a fee limited to 50% of the Executive Committee member’s annual base salary.

**Loans**
No guarantees or loans are granted to members of the Board of Directors or Executive Committee.

**Share Ownership Requirements**
Executive share ownership guidelines were introduced for the Executive Committee in 2018. This guideline stipulates that the members will acquire and hold u-blox shares equivalent to 250% of base salary for the CEO and 200% for the other Executive Committee. The minimum levels are to be achieved within four years, and such achievement is not altered by later share price variation. Unexercised options do not count towards the ownership requirement.

**Approach to recruitment remuneration**
On hiring a new Executive Committee member, the NCC would align the proposed remuneration package with the policy in place for Executive Committee at the time of the appointment. In determining the actual remuneration for a new Executive Committee member, the NCC would consider the package in totality, taking into account elements such as the skills and experience of the individual, local market benchmarks, remuneration practice, and the expected contribution of the individual. The NCC would ensure any arrangements agreed would be in the best interests of u-blox and its shareholders and would aim to pay no more than necessary to secure the right candidate. Where considered appropriate, an external candidate may be compensated for remuneration arrangements forfeited on leaving a previous employer. In doing so, relevant factors including any performance conditions attached to these awards, the form in which it was paid and the timeframe of awards would be considered. Buyout awards would be awarded on a ‘like for like’ basis compared to remuneration being forfeited and would be capped to reflect the value being forfeited. The maximum level of variable pay which could be awarded to a new Executive Committee member, excluding any buyouts, would be in line with the Policy set out. If an Executive Committee member is appointed following u-blox’s acquisition of, or merger with, another company, legacy terms and conditions may be honored.
Board of Directors

Compensation System for the Board of Directors
To ensure the independence of the Board of Directors in its supervisory capacity of the Executive Committee, members of the Board of Directors only receive a fixed remuneration and do not participate in the share option scheme, pension scheme and/or performance related pay. In addition to the base director fees, an additional fixed fee is paid for positions of chairman, committee chairman and committee member. The Chairman of the Board is not eligible for additional compensation for participation in committees.

</tr>
</tbody>
</table>

The remuneration is paid out in the form of cash only and on a pro-rata basis, twice per annum. Board of Directors compensation does not include any performance or profit-related components such as shares or options.

Actual expenses incurred are reimbursed, according to the company policy, for travel arising out of duties performed on behalf of the Board of Directors. No pension, social insurance contributions or benefits are granted to the Board members, except where compulsory under Swiss law.

Share Ownership Requirements
Board of Director share ownership guidelines were introduced for the Board of Directors in 2018. This guideline stipulates that each member will acquire and hold u-blox shares equivalent to 100% of the annual board fee. The minimum levels are to be achieved within three years and such achievement is not altered by later share price variation.

1) The compensation is calculated based on Fiscal year 2017, the numbers are therefore different than the approved budget, which is for the period AGM 2017 to AGM 2018.
2) Mandatory social insurance.
13.2.2 Executive Committee

In fiscal year 2016 a review of the total compensation including base salary, bonus, and stock options of EC members was performed by the NCC and adjustments were made in 2017. The next compensation review will take place in 2019.

Base Salary
The Base Salaries in 2018 increased by 2%.

Variable Bonus
CEO:
For 2018, the bonus of the CEO amounted to 71.15% of the base salary. For the CEO, the bonus amount has decreased due to lower achieved EBIT margin and declining revenue growth rate.

<table>
<thead>
<tr>
<th>Input data</th>
<th>Output</th>
</tr>
</thead>
<tbody>
<tr>
<td>Revenue growth rate</td>
<td>-2.6%</td>
</tr>
<tr>
<td>EBIT margin</td>
<td>12.4%</td>
</tr>
<tr>
<td>Bonus rate</td>
<td>71.15%</td>
</tr>
</tbody>
</table>

Other Executive Committee members:
For 2018, the bonus of the other Executive Committee members amounted to 34.37% of the base salary. Compared to 2017, the bonus amount for the Executive Committee members has decreased due to lower revenue growth and lower EBIT margins.

<table>
<thead>
<tr>
<th>Input data</th>
<th>Output</th>

</thead>
<tbody>
<tr>
<td>Revenue growth rate</td>
<td>-2.6%</td>
</tr>
<tr>
<td>EBIT margin</td>
<td>12.4%</td>
</tr>
<tr>
<td>Bonus rate</td>
<td>34.37%</td>
</tr>
</tbody>
</table>

The KPIs and formula for determining the variable bonus amount remained unchanged compared to the previous years because the long development times for products (several years), together with the long adoption period of u-blox products by relevant customers, make the selected KPIs most appropriate in this business environment. The long market cycles reward only a long-term strategy and engagement and continual effort by the Executive Committee. Furthermore, over the last decade, the KPIs have remained unchanged.

Long Term Incentive Stock Option Plan
For 2018, the Board of Directors approved the proposal by the NCC, in accordance with the LTI Stock Option Plan 2018, to grant 6'366 options per Executive Committee member. The number of options was determined based on the achieved preceding three-year average EBITDA margin of 20.9% compared to the targets. The targets were defined as follows:

<table>
<thead>
<tr>
<th>EBITDA% targets</th>
<th>Options granted</th>
</tr>
</thead>
<tbody>
<tr>
<td>Min</td>
<td>0%</td>
</tr>
<tr>
<td>Objective</td>
<td>100%</td>
</tr>
<tr>
<td>Max</td>
<td>150%</td>
</tr>
</tbody>
</table>

Options are granted at-the-money (i.e. the strike price equals the lower of the average stock price of the last 30 trading days before the grant date and the stock price at grant date).
13.2.3 Compensation paid to the members of the Executive Committee 2018

The total compensation stayed within the limits as approved by the shareholder meeting (TCHF 7'000).

⁵) Mr. Jud has a 97.5% working time contract.

13.2.4 Other Compensations

Share allotment
No shares were allocated to the members of the Board of Directors or Executive Committee in 2018.

Additional fees, remunerations, guarantees and loans
No additional fee or remuneration was paid to the members or former members of the Board of Directors or Executive Committee in 2018.
No guarantees or loans were granted by a group company to the members of the Board of Directors or Executive Committee or were outstanding on December 31, 2018.

Persons closely linked
No remuneration, fees or loans were paid, respectively granted, to persons closely linked to members of the Board of Directors or Executive Committee in 2018. Persons closely linked are defined as (i) a spouse or partner, (ii) children, (iii) any legal entities that they own or otherwise control, or (iv) any legal or natural person who is acting as their fiduciary.
We have audited the accompanying compensation report of u-blox Holding AG for the year ended December 31, 2018. The audit was limited to the information according to articles 14 - 16 of the Ordinance against Excessive compensation in Stock Exchange Listed Companies contained in paragraph 13.2 of the compensation report 2018 on pages 24 to 26.

Responsibility of the Board of Directors

The Board of Directors is responsible for the preparation and overall fair presentation of the compensation report in accordance with Swiss law and the Ordinance against Excessive compensation in Stock Exchange Listed Companies (Ordinance). The Board of Directors is also responsible for designing the remuneration system and defining individual remuneration packages.

Auditor's Responsibility

Our responsibility is to express an opinion on the accompanying compensation report. We conducted our audit in accordance with Swiss Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the compensation report complies with Swiss law and articles 14 – 16 of the Ordinance.

An audit involves performing procedures to obtain audit evidence on the disclosures made in the compensation report with regard to compensation, loans and credits in accordance with articles 14 – 16 of the Ordinance. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatements in the compensation report, whether due to fraud or error. This audit also includes evaluating the reasonableness of the methods applied to value components of remuneration, as well as assessing the overall presentation of the compensation report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the compensation report for the year ended December 31, 2018 of u-blox Holding AG complies with Swiss law and articles 14 – 16 of the Ordinance.
