### 1 Affected Products

Product Name	Order Number	
EVA-7M	EVA-7M-0	GNSS Module

### 2 Type of Change

- Hardware modification  
 Firmware update  
 Others, Reel Size change

### 3 Description of Change

u-blox has decided to introduce a new and smaller reel size for the EVA-7M modules in order to better match the physical reel size to the quantity of modules on the reel.

The new reel is called Type D, and for EVA-7M modules it will replace the old Type A reel.

### 4 Schedule

Estimated first shipment date:	April 6, 2015 <sup>1</sup>
--------------------------------	----------------------------

### 5 Customer Impact and Recommended Action

Feeder alignment for the Type D reels must be expected.

Documentation has been updated:

- Package Information User Guide [1]
- EVA-7M Data Sheet [2].

#### Short overview of the differences:

Type	Tape Size	Reel Diameter
Type A (Old)	16 mm	330 mm
Type D (New)	16 mm	180 mm

The quantity per reel is unchanged, which is 500 pc / reel. For further details for package cartons, shipping parcels etc., please refer to u-blox Package Information User Guide [1]

The technical specifications of the EVA-7M remains unchanged [2].
