1 Affected Products

Product Name	Order Number	Type No (Old)	Type No (New)	Remarks
SARA-U260	SARA-U260-00S	SARA-U260-00S-00	SARA-U260-00S-01	

2 Type of Change

- Hardware modification
 Firmware update
 Others, _____

3 Description of Change

The firmware of the products has been updated:

- [u-blox id# SARA_U260_00S-38] To fix an error in the implementation of HTTP POST command.

No hardware modifications were made.

	Modem firmware number	Application firmware number
SARA-U260-00S-01	23.20	A01.01

4 Schedule

Samples:	Not required
Estimated First Shipment Date ⁽¹⁾ : <ul style="list-style-type: none">SARA-U260-00S-01	24 th April 2015
Documentation (e.g. release note):	Available

5 Customer Impact and Recommended Action

The modem firmware (retrievable via AT+CGMR command) has not changed (see above).

The Application firmware (retrieved via AT19 command) is: A01.01

Changes are not relevant for approvals and certifications.

u-blox has taken utmost care to ensure full backward compatibility to the previous versions. A system check before deployment in production is however still recommended.

¹ The Estimated First Shipment Date is the forecasted date that a customer may expect to receive changed product with the new Type Number. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, u-blox will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.
